

Summer Camp Counselor

Job description

Snipes Farm Day Camp and Camp Leadership Program (CLP) counselors create a safe and welcoming environment for children ages 5-15 to thrive and grow. Camp is set on a working farm with creeks, woods, and meadows to explore and animals and a garden to care for. As an educational camp learning happens everywhere all the time with nature as our teacher and through creative lessons and activities. Fun, engaging, hands-on activities build skills, confidence and understanding including cooking, art, nature adventures, singing, cooperative games, sports, camp community service and friendship building.

Each camper group of 20 children has a leadership team of 2 counselors and a counselor-in-training (CIT). Campers come from a variety of backgrounds and abilities. Counselors lead games and lessons and set the tone in their group's morning meeting. They help campers with community care tasks such as animal and garden care. They accompany and support "specials" classes led by teachers and plan and lead activities with other staff for afternoon activities. A strong candidate is an excellent multitasker with a genuine passion for working with and empowering young people. Applicants should be patient, fun-loving and confident in their ability to motivate and assist campers in everything from learning new skills to working through social

situations. Farm Camp is an excellent opportunity for those in or working towards a career in social work or education.

A counselor has the opportunity to teach what they love, to work in nature, to influence and impact lives, to make lasting friendships and to build their resume on a beautiful farm in a caring community.

Camp Counselor responsibilities and duties

- Assist with camper arrivals and departures
- Bring enthusiasm to all-camp gatherings
- Create a comfortable and well-organized bunk space
- Plan engaging morning meetings
